

2009 Wisconsin Act 146

You have the right to request a copy of a document that lists pricing and quality information from Edgerton Hospital and Health Services for the 75 most common inpatient stays and the 75 most frequent outpatient surgical procedures in Wisconsin. For these sample stays and procedures and assuming no medical complications, the information will include:

- The median billed charge during the four calendar quarters for which the hospital most recently reported data to WHA information center (WHAIC).
- The average allowable payment under Medicare; and
- The average allowable payment from private, third party payors.

In addition you can receive a copy of or link to public information regarding the quality of health care services at Edgerton Hospital and Health Services as compared to other hospitals for these stays and procedures. These websites are listed below.

You also have the right to request from your insurer or health plan an estimate of your total out of pocket costs relating to these stays and procedures. You will need to contact your insurer or health plan to find out how to obtain this information.

If you have any questions about the above information, please contact the Business Office at 608-884-3441.

To the *Point* for health information.

Wisconsin consumers can access a trusted source of information on the quality and safety of hospital care. CheckPoint provides facts that will help consumers make informed health care decisions by displaying current hospital data on a public website.
