Edgerton Hospital and Health Services' New Facility Closes on HUD Financing

Edgerton Hospital and Health Services (EHHS) is pleased to announce today that HUD financing documents have been signed and construction on the new hospital building will begin immediately. The \$26 million dollar hospital will be located on a 69-acre site east of Edgerton on Highway 59.

In December, the hospital was awarded a Federal Housing Administration mortgage insurance loan which gave it the financial backing it needed to begin construction. On April 6th and 7th, hospital representatives traveled to the HUD office in Chicago to sign papers making the financing official.

“With financing in place, we can now guarantee our community a new hospital. This is truly an exciting time,” says Jim Pernau, CEO of Edgerton Hospital and Health Services. “We want the public to know that they will not only find a new, enhanced hospital, but also a continued commitment to providing the high quality care our patients have come to expect.”

Hospital services will include inpatient, outpatient, surgical, diagnostic, 24-hour emergency care, urgent care, and rehabilitation services.

Construction will begin on Monday, April 12th, 2010 with completion expected in fall 2011. A ground breaking celebration at the new site is planned for Monday, May 3rd at 1:30 p.m. The public is welcome at the celebration.

###

Edgerton Hospital is a Critical Access Hospital. The hospital serves the communities of Edgerton, Milton and surrounding communities. Founded in 1923, the facility offers inpatient, outpatient, surgical, diagnostic, emergency, urgent care and rehabilitation services. It is a limited affiliate of SSM Health Care of Wisconsin.
