

Dear Patient:

Welcome to Edgerton Hospital Pain Management Center! Thank you for choosing our pain management program for your treatment. We are committed to providing our patients and community with balanced, safe, and effective pain management care.

Please review and complete the entire packet prior to your visit.

While we likely have an abundance of your medical data at our finger tips, it is difficult to drill down to the pertinent visits, imaging, and previous treatments done specific to pain.

Completion of this packet helps us to provide quality, efficient care to you.

Your appointment may be rescheduled if the packet is not completed by appointment time.

APPOINTMENT EXPECTATIONS:

- Complete enclosed medical history and screening forms prior to your appointment time. Failure to do so may result in your appointment being rescheduled.
- **Please note that it is your responsibility to check with your insurance company prior to your initial visit to check your pain management benefits.** If a referral is required, it is your responsibility to contact your primary care provider (PCP), or referring provider, to request a referral. Referral may be faxed to the above number.
- Please give a **24-hour advance notice for cancellations.** If you do not show for your appointment, you may be discharged from the practice.

TREATMENT PLAN:

- You will be asked to provide a urine sample as part of your first clinic visit to help guide treatment plan.
- The provider will work with you to diagnose your pain condition and create an individualized, balanced care plan designed specifically for you. Through our tailored care plan, we will work with you to provide treatment options to deliver long-term relief from pain that is hindering your daily life.
- **Our providers prescribe medications at their discretion and may not be prescribed during your first visit, or subsequent visits.**
 - Patients prescribed pain medication will be subject to random urine drug tests. Failure to comply will result in termination from the practice.
- To provide treatment, you **must be seen by your PCP every 12 months**, if you do not currently have a PCP you will need to establish with one to continue treatment.
- All patients are required to complete a pain treatment agreement, even if medications are not prescribed.
- We kindly ask all patients to create and utilize a MyChart account as this will help ensure messages and information can be sent and received timely. If you do not already have a MyChart account you can create one by going to: <https://mychart.ssmhc.com>

(continued)

PRESCRIPTIONS AND RENEWALS:

- All prescription refill requests must be requested during normal office hours, Monday through Friday 8a-4p. **Please give a 10-day notice for all refill requests. Refills will not be addressed after business hours, on weekends, or holidays.**
- Please allow **7 – 10 business days** for all prescription refills. Urgent/last minute requests for refills will not be tolerated.

FINANCIAL POLICY:

- The Pain Management Center is a department of Edgerton Hospital & Health Services, you will receive a bill from the hospital which includes a facility charge, support staff, supplies and/or pharmacy charges.
- You will also receive a bill from the Physician's billing company, which includes charges for the Physician's professional services. Please contact the billing company for any questions or concerns with your professional bill.
- It is your responsibility to check your individual insurance policy regarding the physician's participation in your plan and co-payment policies. All unpaid balances by your insurance company will be billed to you.

All the best,

Dr. Arpan Patel and the Pain Management Center Staff
608-561-6614 ext 3

EPWORTH SLEEPINESS SCALE

In contrast to just feeling tired, how likely are you to doze off or fall asleep in the following situations? Use the following scale to choose the most appropriate number for each situation.

0 = WOULD NEVER DOZE

2 = MODERATE CHANCE OF DOZING

1 = SLIGHT CHANCE OF DOZING

3 = HIGH CHANCE OF DOZING

SITUATION	CHANCE OF DOZING
Sitting and reading	
Watching TV	
Sitting inactive in a public place (ie, at a play)	
As a car passenger for an hour without a break	
Lying down to rest in the afternoon	
Sitting and talking to someone	
Sitting quietly after lunch without alcohol	
In a car, while stopped for a few minutes in traffic	
Total Score (score greater than 10 consider referral to sleep medicine)	

By signing below I acknowledge and understand:

- I must have an established relationship with a primary care provider (PCP) and see my PCP at least every 12 months. If I have not been seen by a PCP within the past 12 months, I will schedule a visit prior to my next pain management appointment.
- Medication prescriptions are at the discretion of the treating provider, medications will not be prescribed until non-pharmacological treatment options have been pursued.

SOAPP® Version 1.0-14Q

The following are some questions given to all patients at the Pain Management Center. Please answer each question as honestly as possible. Your answers alone will not determine your treatment.

Please answer the questions below using the following scale:

0= Never, 1 = Seldom, 2 = Sometimes, 3 = Often, 4 = Very Often

	Never	Seldom	Some times	Often	Very Often
1. How often do you have mood swings?	0	1	2	3	4
2. How often do you smoke a cigarette within an hour after you wake up?	0	1	2	3	4
3. How often have any of your family members including parents and grandparents, had a problem with alcohol or drugs?	0	1	2	3	4
4. How often have any of your close friends has a problem with drugs or alcohol?	0	1	2	3	4
5. How often have others suggested that you have a drug or alcohol problem?	0	1	2	3	4
6. How often have you attended an AA or NA meeting?	0	1	2	3	4
7. How often have you taken medication other than the way that it was prescribed?	0	1	2	3	4
8. How often have you been treated for an alcohol or drug problem?	0	1	2	3	4
9. How often have your medications been lost or stolen?	0	1	2	3	4
10. How often have others expressed concern over your use of medication?	0	1	2	3	4
11. How often have you felt a craving for medication?	0	1	2	3	4
12. How often have you been asked to give a urine screen for substance abuse?	0	1	2	3	4
13. How often have you used illegal drugs (for example, marijuana, cocaine, etc.) in the past five years?	0	1	2	3	4
14. How often, in your lifetime, have you had legal problems or been arrested?	0	1	2	3	4

Please include any additional information you wish about the above answers.

Pain Treatment Agreement

This Agreement between _____ (“Patient”) and the pain management provider is to begin an agreement outlining clear expectations for participation in the pain management program.

The Patient agrees to the following:

I understand that lowering my pain levels and improving my quality of life are goals of this program

_____ I realize that it is my responsibility to take my medication safely and I should not drive while taking pain
(Initials) medication or other medications prescribed to me that may make me drowsy or less alert.

_____ I agree that refills of my prescriptions of pain medicine will be made only at the time of an office visit or
(Initials) during regular office hours. I agree to give at least 7 business days’ notice for refill requests. No refills will be available during evenings or on weekends.

_____ I will not use any illegal controlled substances, including marijuana, cocaine, etc.
(Initials)

_____ I authorize my pain provider to speak with my other treating practitioners concerning my condition or
(Initials) treatment.

_____ I understand my pain medication dosage may be tapered if not effective
(Initials)

_____ I understand that if I use medical or recreational marijuana, I will not be prescribed any opioids.
(Initials)

_____ I agree not to take all mind/mood altering/illicit/addicting drugs including alcohol and Benzodiazepines
(Initials) unless authorized by this pain center provider.

I understand that my pain medication dosage may be tapered if not effective.

_____ I will not share, sell, or trade my medication for money, goods, or services.
(Initials)

_____ I will get all pain medication from ONLY ONE health care provider. **I WILL DISCONTINUE AND DISPOSE OF
(Initials) ALL PREVIOUSLY USED PAIN MEDICATIONS UNLESS TOLD TO CONTINUE THEM.**

I authorize my pain provider to speak with my other treating practitioners concerning my condition or treatment.

_____ I will keep my medication safe from loss and theft and understand if I fail to do so I may no longer be
(Initials) prescribed pain medication.

_____ I agree to use (name of 1 Pharmacy) _____ located in _____, Telephone
(Initials) number _____, for all of my pain medication. If I change pharmacies for any reason, I agree to notify the provider at the time I receive a prescription.

_____ I authorize the provider and pharmacy to cooperate fully with any city, state or federal law enforcement
(Initials) agency, including the board of pharmacy in any investigations of any possible misuse, sale or potential medication diversion cases.

_____ I agree that I will submit to a blood, saliva or urine test if requested by pain provider.
(Initials)

_____ I understand that the use of CBD products may contain low levels of THC (the primary compound in
(Initials) marijuana) that may be revealed in my urinalysis and I will not be a candidate for opioid medication. Examples of CBD products may include but are not limited to: oils, lotions, gummies, edibles, capsules, etc.

(Initials) I agree that I will use my medication as prescribed by my pain provider. Overtaking my medication may result in the medication being discontinued.

(Initials) I will bring all unused pain medication to be counted whenever requested.

(Initials) I agree that one missed appointment or cancellation may lead to being discharged from the pain practice.

(Initials) **I will treat the staff at the office/hospital respectfully at all times. I understand that if I am disrespectful to staff or disrupt the care of other patients my treatment will be stopped.**

(Initials) I agree to follow the care plan prescribed by my pain provider including Physical Therapy and behavioral health referrals if recommended.

SAFETY RISKS WHILE UNDER THE INFLUENCE OF OPIOID MEDICATIONS: There are potential adverse effects of opioid medications that are potentially dangerous. These include delayed reaction time, impaired judgment, drowsiness, physical addiction. Any of these may impair your ability to drive or operate heavy machinery. These adverse effects tend to diminish over time. **ADVERSE EFFECTS OF OPIOID MEDICATIONS:** These adverse effects may be made worse when mixing opioid medications with other medications, including alcohol! • Feelings of anxiety • Slowed or difficult breathing • Slow heart rate • Confusion • Constipation • Excess sweating • Dizziness or drowsiness • Nausea • Difficulty urinating • Impaired judgment • Vomiting • Physical or psychological dependence **RISKS** • Physical dependence. This means that abruptly stopping the medication may lead to withdrawal symptoms which may include: - Runny nose - Difficulty sleeping for several days - Diarrhea - Abdominal cramps - Sweating - Shakes and chills - Rapid heart rate - Nervousness

- **(MALES only)** I am aware that chronic opioid use has been associated with low testosterone levels in males. This may affect my mood, stamina, sexual desire, and physical and sexual performance. I understand that my doctor may check my blood to see if my testosterone level is normal.
- **(FEMALES only)** If I plan to become pregnant or believe that I have become pregnant while taking this pain medicine, I will immediately call my obstetric doctor and this office to inform them. I am aware that, should I carry a baby to delivery while taking these medications; the baby will be physically dependent upon opioids. I am aware that the use of opioids is not generally associated with a risk of birth defects. However, birth defects can occur whether or not the mother is on medicines and there is always the possibility that my child will have a birth defect while I am taking an opioid.

Doctor and Patient agree that this Agreement is essential to the Doctor's ability to treat the Patient's pain effectively and that **failure of the Patient to abide by the terms of this Agreement will result in corrective adjustments to the treatment plan and may result in the withdrawal of all prescribed medication by the Doctor, possibly causing Patient to experience withdrawal symptoms, and the termination of the Doctor-Patient relationship.**
